Good Morning Early Readers!

The two positive catalysts this morning:

- Overnight, the Federal Reserve members made comments that assured investors that interest rates will remain low—at least for now.
- The good news on the vaccination front is that Pfizer's coronavirus vaccine is said to be in the final stages of getting approval in the country. The pharma giant expects to finalise an agreement with the Indian government soon.

Here are other key things to know before today's market opens:

Our **chart of the day** is bullish on stocks like, VEDANTA, TATA STEEL, JUST DIAL and MINDTREE with interweek perspective.

SHOW ME THE MONEY: Momentum Call: Buy TATA STEEL JULY Futures for 0-3 days at CMP 1116 for an objective of 1189. Stop 1073. Alert: Rebound Play.

Our **call of the day** suggests that the benchmark Nifty is likely to pause for breath on any excessive bounce.

- Technically speaking, waterfall of selling only below Nifty's biggest support at 15459 mark. As long as 15459 holds, Nifty will aim to reclaim its all-time-highs at 15901 mark and then all eyes will be on Nifty's major hurdles at 16000-16250 zone. Please note, Nifty's 200DMA at 13783 mark. The price action for Nifty for this week's trade is suggesting that we are likely to see a 15,500-16200 range in near term with buy on dips as the preferred strategy.
- The slight optimism for our stock markets is also on backdrop of the fact that the volatility index has inched lower to 16.93 near its 2021 low of 15.65, its lowest level in about 17-month. Well, a lower VIX level is seen bullish for stocks.
- The options data for May Series suggests Nifty is likely to be in a broader trading range of 15500-16200 as maximum Call OI is at 16000 followed by 15900 strike price. Maximum Put open interest stands at 15500 levels followed by 15000 levels. Call writing was seen at 15900 and then at 16000 strike price, while there was meaningful Put writing at 15800 and then at 15900 strike prices.
- Norwegian pension fund KLP is divesting from Adani Ports and Special Economic Zone Limited on the grounds the company's links with the Myanmar military breach the fund's responsible investment policy, KLP told Reuters on Tuesday.
- Hero MotoCorp in a press release has said that starting July 1, the Indian motorcycle manufacturing company will be raising prices across its range. Prices are expected to go up by up to Rs 3,000. And the upward revision is a direct result of the increase in commodity prices.
- Bharat Electronics reported higher consolidated profit at Rs 1,368.15 crore in Q4FY21 against Rs 1,046.97 crore in Q4FY20, revenue jumped to Rs 6,917.47 crore from Rs 5,816.77 crore YoY.
- As per Tuesday's Provisional Data available on the NSE, FIIs sold shares worth Rs. 1027.94 crores in the Indian Equity Market.
- Stock banned in F&O segment:** IDEA, SUNTV.
