Good Morning Early Readers!

Here are other key things to know before today's market opens:

- Our **chart of the day** is bullish on stocks like GRASIM, TATA MOTORS, VEDANTA, TATA STEEL and MINDTREE with an interweek perspective.
- **SHOW ME THE MONEY:** Buy GRASIM (CMP 1507): Interweek Strategy: Buy at CMP, targeting 1531/1563 mark and then aggressive intermonth targets seen at 1751. Stop below 1451.
- Our **call of the day** suggests another day and another set of records to be enthusiastic about. Nifty is likely to set new records as the inflation fear was battered down by the Fed last week.

Dalal Streets' big investors' believe there is a new rally in the making. The smooth sailing should continue as Nifty will aim the psychological 16000 mark. The technical landscape of Bank Nifty too is aggressively bullish with targets at 37709 mark. Boom in banking stocks likely to be back. Axis Bank, HDFC Bank and Indusind Bank are our preferred bets on the buy side in this space.

- Technically speaking, a clear breakout over 15901 for the Nifty would be bullish as benchmark will aim to hit its magical 16000 mark. Nifty's make-or-break long-term supports are placed at 15459 mark. Please note, Nifty's 200DMA at 14027 mark. The price action for Nifty for this week's trade is suggesting that we are likely to see a 15,500- 16200 range in near term with buy on dips as the preferred strategy.
- The slight optimism for our stock markets is also on backdrop of the fact that the volatility index has inched lower to 15.62 near its 2021 low of 15.65, its lowest level its lowest levels in about 17-month. Well, a lower VIX level is seen bullish for stocks.
- The options data for May Series suggests Nifty is likely to be in a broader trading range of 15500-16200 as maximum Call OI is at 16000 followed by 16500 strike price. Maximum Put open interest stands at 15500 levels followed by 15000 levels. Call writing was seen at 16000 and then at 16500 strike price, while there was meaningful Put writing at 15000 and then at 15200 strike prices.
- As per Friday's Provisional Data available on the NSE, FIIs sold shares worth Rs. 678.84 crores in the Indian Equity Market. DIIs on the other hand bought shares worth Rs. 1832.76 crores in the Indian Equity market.
- **Stock banned in F&O segment:** NIL.
