A Very Happy Makar Sankranti to Our Readers.

Today, on this auspicious occasion and to solidify your portfolio; we recommend a cement stock: **India Cement (CMP: Rs. 245)**.

Yep, this is a good infrastructure play and definitely a solid foundation for your portfolio. We expect the stock to move towards 350+ in the near term.

Did you know that many thousands of years ago, cement was made out of cow dung, along with lime and mud. This cement was called 'daub.' And if you compare this industry as on this date, then the current market capitalization of India Cement alone stands at Rs 7,597 crore.

Now let's check how our stock markets are likely to pan out in today's trade.

Technically speaking, there is likely to be lots of opportunities on the buy side as long as Nifty stays above 17889 mark. The immediate goalpost on Nifty is seen at its all-time-high at 18605 mark.

In yesterday's trade, **FII**s sold shares to the tune of Rs. 1390.85 crores.

Q2 earnings to trickle in today: HCL TECH.

Stock banned in F&O segment: INDIABULLS HOUSING FINANCE, VODAFONE IDEA, SAIL.
