

Technically speaking, Nifty's 'Unstoppable Rally' is likely to continue with aggressive targets at its all-time-high at 26277.35 mark.

Only a break below Nifty 25300 could catch the bulls off-guard.

Bottom-line: Nifty's rally shall head into the fourth day.

Daily Research Reports

Good Morning & Welcome to Friday's trading session at Dalal Street, dated June 27th 2025.

Our call of the day suggests, 'Upwards and upwards shall rise Nifty and Sensex — with absolutely no signs of hesitation!

Technically speaking, Nifty's 'Unstoppable Rally' is likely to continue with aggressive targets at its all-time-high at 26277.35 mark...

Only a break below Nifty 25300 could catch the bulls off-guard.

The benchmark Nifty shall continue to march higher towards its all-time-high at 26277.35 mark.

We say so because in yesterday's trade many an index heavyweights were just seen sizzling.

Index heavyweight stocks leading from the front were:

HDFC BANK (+2.1%)

RELIANCE (+1.91%)

BHARTI AIRTEL (+2.48%)

ICICI BANK (+0.93%)

BAJAJ FINANCE (+2.53%)

AXIS BANK (+1.66)

LARSEN (+1.10%)

The positive takeaway was that Reliance Industries market cap crossed the Rs 20 lakh cr mark.

The biggest positive catalyst: The Reserve Bank Bulletin has said that amidst global uncertainties, various high-frequency indicators point towards resilient economic activity in India across the industrial and services sectors.

Nifty may aim to end the week with a bang.

Outlook for Friday: The running of bulls shall continue...

This morning optimism is on backdrop of the S&P 500 flirting with its all-time-high.

The other 2-positive catalysts:

- 1) Media reports suggests that the President Trump is likely to announce candidates for next Fed Chairman, potentially installing a "shadow" chair who could push for a more dovish policy stance.
- 2) Oil stays depressed at \$65.50 a barrel. (Interestingly, WTI Oil prices are now lower than it was before the Iran-Israel conflict).

Technically speaking, Nifty is signaling a massive breakout on the upside on weekly charts with all bullish eyes on Nifty's all-time-high at 26277.35 mark.

The biggest make-or-break interweek support is placed at psychological 25000 mark.

Long Story Short: Nifty's rally shall head into fourth day; and most importantly, keep all bears at bay.

ECONOMIC CUES:

Federal Reserve Chair Jerome Powell struck a cautious tone in congressional testimony, signaling no urgency to change interest rates.

Meanwhile, the Fed continues to project two rate cuts in 2025, though it anticipates only one quarter-percentage-point in 2026 and 2027.

In its updated projections, the Fed downgraded its GDP growth forecast for 2025 to 1.4% (vs 1.7% in March) and for 2026 to 1.6% (vs 1.8%), while leaving the 2027 estimate unchanged at 1.8%. The unemployment rate is now expected at 4.5% in both 2025 and 2026 (vs 4.4% and 4.3%, respectively). (Source: trading economics)

GLOBAL STOCK MARKETS:

Overnight, Wall Street was seen trading with strong positive note with the S&P 500 rising 0.4% to approach record levels.

The positive catalyst: Growing expectations that the Fed may cut interest rates sooner than previously anticipated.

The WSJ reported that President Trump is considering announcing his nominee for the next Fed Chair early, potentially installing a "shadow" chair who could push for a more dovish policy stance.

Meanwhile, fresh economic data showed the US economy contracted more than anticipated in Q1 by an annualized 0.5% and the goods deficit unexpectedly widened due to lower exports.

RECAP OF PREVIOUS DAY'S TRADING SESSION:

NIFTY (+304, 25549)

Sensex (+1000, 83756)

Bank Nifty (+586, 57207)

The benchmarks avoid F&O expiry anxiety as Nifty gains for three days in a row

Not only that, it also reclaimed the much coveted psychological 25500 mark!

- 1) It was green all through the trading session as sentiments improved further on Israel-Iran truce.
- 2) WTI Oil continues to trade sluggish, now at \$65 a barrel. Interestingly, WTI Oil prices are now lower than it was before the Iran-Israel conflict.
- 3) The positive takeaway from today's trading session was that Nifty ringed sold gains despite Jerome Powell throwing cold water on a Fed rate cut in July.
- 4) Meanwhile, Fed Governor Christopher Waller, whose name is in the running to replace Fed Chair Jerome Powell, said rate cuts could come as soon as the central bank's July meeting.
- 5) Gold prices were seen trading sluggish near the \$3,354 per ounce, flirting with its one-week low, and most importantly, amidst news of easing Middle East tensions.

DISCLAIMER: Further, this report is prepared under the collaborative effort between Firstcall Research and Khandwala Securities Limited under a knowledge sharing agreement, and the current report besides the exclusive disclosures from Firstcall Research will also have the following disclosures from Khandwala Securities Limited. This report is for the personal information of the authorized recipient and does not construe to be any investment, legal or taxation advice. Firstcall Research, and Khandwala Securities Limited (hereinafter referred to as "KSL") is not soliciting any action based upon it. Nothing in this research shall be construed as a solicitation to buy or sell any security or product, or to engage in or refrain from engaging in any such transaction. In preparing this research, we did not take into account the investment objectives, financial situation and particular needs of the reader.

This research has been prepared for the general use of the clients of Firstcall Research and KSL and must not be copied, either in whole or in part, or distributed or redistributed to any other person in any form. If you are not the intended recipient you must not use or disclose the information in this research in any way. Though disseminated to all the customers simultaneously, not all customers may receive this report at the same time. Firstcall Research and KSL will not treat recipients as customers by virtue of their receiving this report. This report is not directed or intended for distribution to or use by any person or entity resident in a state, country or any jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject Firstcall Research and KSL & its group companies to registration or licensing requirements within such jurisdictions.

The report is based on the information obtained from sources believed to be reliable, but we do not make any representation or warranty that it is accurate, complete or up-to-date and it should not be relied upon as such. We accept no obligation to correct or update the information or opinions in it. Firstcall Research or KSL or any of its affiliates or employees shall not be in any way responsible for any loss or damage that may arise to any person from any inadvertent error in the information contained in this report. Firstcall Research or KSL or any of its affiliates or employees do not provide, at any time, any express or implied warranty of any kind, regarding any matter pertaining to this report, including without limitation the implied warranties of merchantability, fitness for a particular purpose, and non-infringement. The recipients of this report should rely on their own investigations.

This information is subject to change without any prior notice. Firstcall Research or KSL reserves its absolute discretion and right to make or refrain from making modifications and alterations to this statement from time to time. Nevertheless, Firstcall Research or KSL is committed to providing independent and transparent recommendations to its clients, and would be happy to provide information in response to specific client queries.

Before making an investment decision on the basis of this research, the reader needs to consider, with or without the assistance of an adviser, whether the advice is appropriate in light of their particular investment needs, objectives and financial circumstances. There are risks involved in securities trading. The price of securities can and does fluctuate, and an individual security may even become valueless. International investors are reminded of the additional risks inherent in international investments, such as currency fluctuations and international stock market or economic conditions, which may adversely affect the value of the investment. Opinions expressed are subject to change without any notice. Neither the company nor the director or the employees of Firstcall Research or KSL accept any liability whatsoever for any direct, indirect, consequential or other loss arising from any use of this research and/or further communication in relation to this research. Here it may be noted that neither KSL, nor its directors, employees, agents or representatives shall be liable for any damages whether direct or indirect, incidental, special or consequential including lost revenue or lost profit that may arise from or in connection with the use of the information contained in this report.
